FreshBooks
cloud accounting

Codat's wealth of experience in the space is really reflected in their product offering. Clearly having put themselves in their customers' shoes, their API is both well documented and simple to use."

Jonnie Ball, Chief Data Scientist , Fluidly

How it works

Connectivity
Codat handles the technical complexities of accessing accounting data

Standardisation
Codat maps to a common format across all data sources

Authorisation
Codat manages the authorisation process and access to connect each accounting platform

Synchronisation
Codat ensures that on an ongoing basis, data is always up to date

For more information on how Codat can help your business or to arrange a demo please contact
